Department of Translational Genomics  
Translational Biotechnology Seminar

## External Innovation in Lifesciences

**Chinmay Kanuga, PMP**  
Head, Search and Evaluation  
Allergan Aesthetics

**Wednesday, March 22, 2023**  
2:00 – 3:00 pm  
204A BMT or  
Zoom [Registration](#) with USC email

Mr. Chinmay Kanuga heads up the search and evaluation function at Allergan Aesthetics <https://www.allerganaesthetics.com/>, an AbbVie Company. Chinmay joined AbbVie in 2020 as part of the Allergan acquisition. Chinmay joined Allergan R&D organization in 2016 as a Director of Scientific Assessments. Prior to Allergan, Chinmay has been in various roles at Baxter and Edwards Lifesciences. Chinmay attended the University of Massachusetts, Lowell and received his Master's degree in Plastics Engineering. He has a Bachelor's degree in Elastomer Engineering. He is also a certified project management professional (PMP). He lives in Los Angeles, with his wife and two kids and enjoys the outdoor life in Los Angeles.

In this seminar, Mr. Kanuga will share his experience about being in the biotech/medtech space and discuss the assessment of viable partnerships between Allergan and external companies.
